

# RPA integration with Cygnature to automate signing process

## Client Profile

India's No. 1 cement company that offers products & expert tips to help at every step in home building journey, from planning to finishing.

---

**COUNTRY**  
INDIA

**DOMAIN**  
CEMENT COMPANY

## Challenge

- Client had to get around 1000 documents signed per day
- Getting vendor's signature was a challenge
- Ensuring internal compliance and vendor compliance
- The process of sending documents for signing became hectic because of the number of documents

## Solution

- Cygnet Infotech provided BOT integration with Cygnature to automate the signing process
- Users had to provide basic details that are necessary to upload a document in the internal application. Rest of the process was automated through the BOT that was integrated with Cygnature
- BOT had a scheduler, so it automatically ran at the scheduled time

## Outcomes

- Bot scheduler deducted manual intervention to a great extent
- Signing process was automated

## About Cygnet Infotech

Established in 2000, Cygnet Infotech works with clients across 35 countries and has a strong team of over 1000 employees. Cygnet Infotech's offerings range from IT Services, Technology Products, and Tax Technology solutions. Aligned with its vision of providing technology enabled business solutions, Cygnet Infotech delivers end-to-end solutions for clients' most pressing business needs.

Cygnature by Cygnet Infotech is a blockchain-based digital signing solution that securely authenticates signers. With Cygnature, users can sign documents from anywhere, anytime using any device quickly. It is a feature-rich solution that provides APIs for seamless integration with business systems. It provides enhanced security, greater transparency, and improved traceability of the signing process, along with authentication of signer's identity. It helps users have quick, paperless, and efficient workflow, centralized document storage, and a complete audit trail of the signing process. It also safeguards documents from getting tampered.
