Beverages

About Client

World's leading brand primarily known for its energy drinks and ownership of sports teams.

Challenges

- Client's reluctance to make changes in ERP, mainly related to reverse integration, was not allowed by the global ERP team. As a result, they face a slew of additional challenges in meeting their requirements for:
 - Printing invoices with e-Invoice QR code
 - Sending digitally signed copies of invoices to multiple customers as per compliance
- Daily MIS reports tracking the status of E-Invoices and e-Way bills.

ERP

ENTERPRISE RESOURCE
PLANNING

Business Requirement

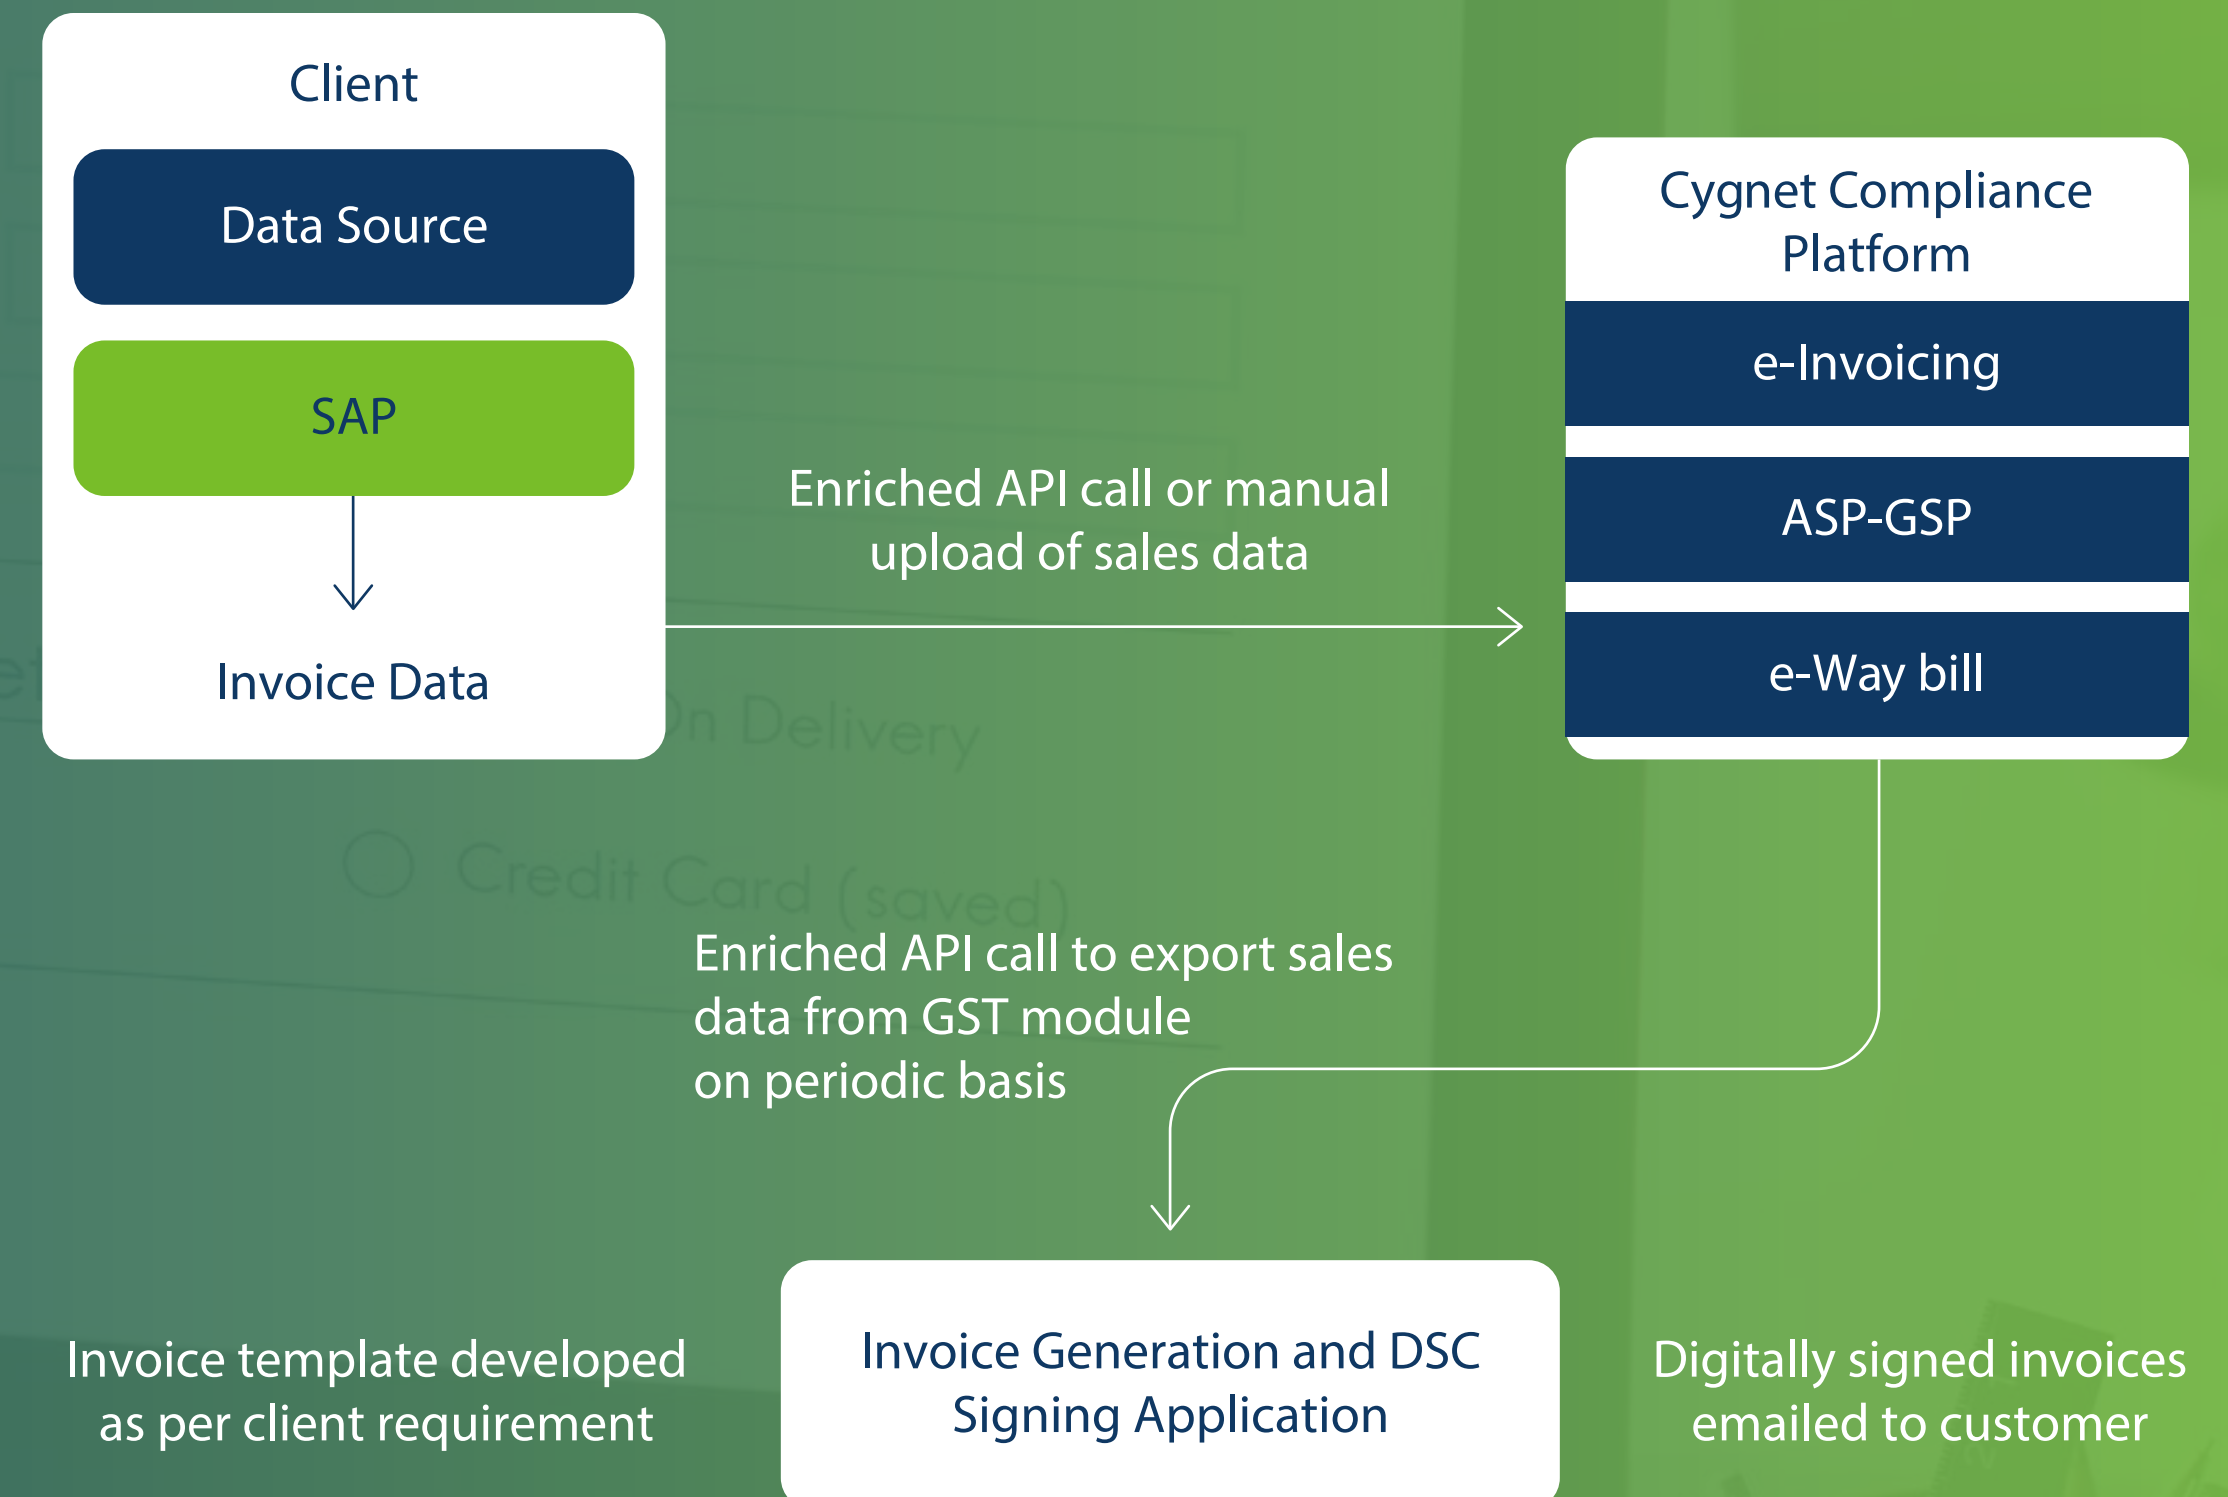

- Template customization as per client's requirement.
- Sending digitally signed e-Invoices along with e-Way bill copies to the customers over email.
- Cygnet's compliance platform's API integration with E-Invoicing and DSC Signing Solution.

Our Solution

- Cygnet's compliance platform's API integration with E-Invoicing and DSC Signing Solution was made available.
- The DSC signing application synchronizes data received from the client's system into Cygnet's Compliance platform every two minutes on a regular basis.
- Addition of identifier flags for several invoice templates, customer code, email addresses, etc.
- Invoice template creation as per the requirements of the client.
- Sending digitally signed e-Invoices and e-Way bill copies to the customers over email.
- Generating daily MIS reports that display the status of individual e-Invoices and e-Way bills and the status of digital signing.

Key Features

- Single PDF with e-Invoice & e-Way bill
- Periodic pull of invoice
- Template customization
- Multiple signing support
- Template master
- Email customer master

Benefits

- Improved efficiency
- Reduced the turnaround time from 90 days to 30 days
- Reduced manual efforts by 60% and work hours by 300-400hrs / month
- Enhanced productivity of the internal workforce involved by 60-70%

Outcomes

- Instant receipts of e-Invoices and e-Way bill copy
- Personalized invoice templates
- Automated digital signing of invoice templates
- Smart system enabled for template identification
